Woodside

VINE SEEDS

1955

WOODSIDE SEED GROWERS COMPANY

GROWERS OF HIGH QUALITY VINE SEEDS

200 South Main Street -:- Rocky Ford, Colorado

To Our Customers:

WE HAVE TRIED each year to raise the standard of quality of the seeds we grow and sell and are constantly improving our melons, each year breeding out any faults that may show in them. This is something no one could afford to do who is growing for the market only.

It is with a great deal of pleasure that we send you this price list, and are confident that you will be more than pleased with the crops grown from our seed regardless of the variety or varieties you may decide to plant.

OUR MOTTO

"Quality, Service and A Square Deal to All"

Quality . . . Our desire to make "QUALITY" the first consideration; next to make our prices as low as good seed can be sold; our policy has always been—the best is not quite good enough.

Service . . . Seed will be shipped same day order received.

Square Deal to All... Your order, either large or small, will be appreciated, receive PROMPT ATTENTION and filled from select seed.

While we do not claim to have the only GOOD SEED on the market, we do claim that THERE IS NONE BETTER THAN THE GRADE WE OFFER!

WHEN TO ORDER

We strongly advise our customers to send in their orders immediately upon receipt of this catalog, as they will then have the seeds on hand when they need them, and avoid unnecessary delay often caused by the rush of the busy season. It is advisable to order early while our stock is complete—thus avoiding any disappointment.

USE OUR ORDER SHEET

Carefully fill out the blank spaces at the top for shipping directions. Use one line for each kind of seed ordered.

Always carry out the price of each item and keep a copy of your order.

HOW TO ORDER

Be sure to give your full name, post office, with street address or rural route. Remittance may be made in stamps (if one dollar or less), certified check, bank draft or post office money order. We will also ship C.O.D. when one-fourth of the remittance accompanies order.

CO-OPERATION

We want to supply growers who appreciate good seed. If after ordering from us you have any cause for complaint, write us fully at once. Just criticism is an aid to improvement and satisfied customers are our pride.

WHY NOT BUY ROCKY FORD CANTALOUPE SEED AT ROCKY FORD?

The Rocky Ford district produces and supplies 75 per cent of the cantaloupe seed in the entire country. A large per cent of the cantaloupe seed handled by the seed trade is secured either directly or indirectly from this district. Therefore would it not be good business policy to buy your Cantaloupe Seed direct from Rocky Ford, and direct from the producers before it passes through so many hands?

Please think this over and give us a trial order.

HELPFUL SUGGESTIONS

We are at all times willing to offer any assistance in our power regarding culture, best varieties for your district, etc., if you will explain your climatical and market conditions, also average growing season. Do not hesitate in writing us for information.

SELECTION, GROWING AND WARRANTY

Our planting stocks are kept up to the highest standard by systematic selection. Our seed-growing is carried on in the most up-to-date manner. The seed we offer is the best selection from fields grown exclusively for seed purposes; was saved from stock true to type, from well netted, fully matured, standard-sized melons of the best seed quality. Our seed is all well-cured, and thoroughly cleaned; all light seed fanned out, and is of the highest germination. While we use every precaution in sending out pure and reliable seed, we, in common with other responsible seed houses, sell our seed subject to the following disclaimer, it being adopted by the American Seed Trade Association. **DISCLAIMER:** We, Woodside Seed Growers Company, give no warranty, express or implied, as to description, productiveness or any other matter of any seed we sell, and will not be responsible for the crop.

Mildew Res. Cantaloupe No. 45

The Mildew Resistant Cantaloupe is no longer an experiment; the production and shipping qualities, due to the fact No. 45 must be picked only on a FULL SLIP and will then carry to the far distant markets, arriving in perfect condition, has won its fame for being one of the most popular of the Mildew Resistant Strains.

RESISTANT NO. 45

It has as heavy a net as the improved Hale's Best varieties, is similar in shape and very uniform; the melons run largely to Jumbo in size.

The No. 45 has a thick salmon-colored flesh, is well flavored. The melon has a small seed cavity and is perhaps one week later in maturing than the Hale's Best. If you want a melon with proven shipping and carrying qualities, a melon that **MUST BE VINE RIPENED**, we advise giving the Mildew Resistant No. 45 a trial. Will mature in 90 to 95 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Mildew Res. Cantaloupe No. 6

This strain is considered 100 per cent resistant to powdery mildew. Melons run strong in size to Jumbo with nearly a solid net, however does show a slight rib. Flesh is firm salmon color and of good flavor. Must be picked on a full slip then will carry well to distant markets. Vines are strong but not as prolific as the No. 45. Melons will mature in 90 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Woodside's Winner Cantaloupe

A SUPERIOR STRAIN FOR THE EARLY MARKET

One of the finest Hale's Best strains. Our boosters for this melon are actual farmers and growers. Many write to us stating, "I grew the 'Winner' in the same field with other strains of the Hale's Best and find the 'Winner' about one week earlier, an unusually heavy yielder and highly disease resistant."

The melons run uniform in size, average about twelve pack, flat, have heavy solid net showing practically no stripe or rib, small seed cavity, the flesh being of a deep pink color. The vines are very prolific which eliminates cull and sick inferior melons. It is a splendid shipper.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Rio Gold Cantaloupe

A new disease resistant variety just released by the Texas AES. It is resistant to downy mildew, fairly resistant to powdery mildew and aphids. Melons have good rind, color well covered with net, excellent flavor with deep tender flesh of salmon color and of high sugar content, extra small seed cavity. Melons nearly round with very few off types, sizes mostly Jumbo, 45's and 36's. Our planting stock of this new introduction was procured from the Department of Agronomy, Texas A & M College.

PRICE: Pkt. 15c; oz. 25c; $\frac{1}{4}$ lb. 80c; $\frac{1}{2}$ lb. \$1.50; 1 to 5 lbs. or more @ \$2.75 per lb.
5 to 25 lbs. @ \$2.50 per lb.; 25 lbs. or more @ \$2.25 per lb. Prepaid.

New Ideal Cantaloupe

By careful selection this improved strain of Hales Best has become another of the outstanding melons in districts where a large, uniform, early melon is desired; on an average they will produce within 80 to 85 days from the date of planting. Vines are unusually healthy, vigorous and very prolific; the melons run Jumbo in size and oval in shape, practically all solid net; the flesh is a deep salmon color, very firm and fine grained. Has an excellent flavor, and small seed cavity.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

ALL SEED WE OFFER

IS OUR OWN COLORADO GROWN

Jumbo Hale's Best Cantaloupe

The Jumbo Hale's Best Cantaloupe is a large and popular variety; exceptionally well adapted for roadside markets and bulk hauling in trucks; because of the large sizes is not a melon for best commercial purposes when crating is essential. Is well netted but shows a distinct stripe. The vines are prolific and well able to mature the large melons they produce. The flesh is thick, deep salmon color, flavor sweet and of excellent eating qualities; because of its firm flesh, holds up and keeps longer than the average Hale's Best strain.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Arizona No. 13 Cantaloupe

This variety was introduced through the careful breeding of the Horticultural Department of the University of Arizona. Has the desirable eating quality of the Perfecto with the firm flesh shipping characteristics of the No. 45. It is a small melon, pack on the average of 70 to 80 per cent of 45's and never run larger than the No. 36 in size. Land of high fertility should be used to avoid unduly small sizes. Melons are slightly elongate, some almost globe. Has a coarse, close, ropy net, bright orange to salmon color flesh, which is juicy and very sweet. Cavity medium to small. Will ship and carry well when picked on a full slip, firm yellow stage. Matures 5 to 7 days earlier than the No. 45.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Hale's Best Cantaloupe No. 936

A selection made from the No. 36, is very uniform in size and perhaps on an average taking the field over will run a little larger than the No. 36. The melons are well netted, have an excellent flavor, the flesh is thick and salmon color with small seed cavity.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Green Flesh Cantaloupe

Fruits nearly round, $5\frac{1}{2}$ x 5 inches, skin green entirely covered with fine grain netting, flesh thick, green with narrow gold border at center. Has a sweet spicy flavor. Well known shipping and home garden variety.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Sulphur Res. Cantaloupe No. 91

Our fields of this variety the past season were very outstanding in appearance for this particular sulphur resistant type. Also have customers stating it is resistant to some forms of mosaic. Produces a quality of melon for long distance shipping. The vines are dark green, vigorous and productive, fruit is large, short-oval, with close high net and extremely tough rind, flesh very thick having rich salmon color of high quality. To date sizes of this sulphur resistant introduction are not as uniform as the mildew resistant No. 45.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

S. R. CANTALOUPE NO. 91

(WHITE-SEEDED)

Pearl Pink Cantaloupe

This melon is a favorite in some sections. The vines are healthy and vigorous. The shape is slightly oval, almost round. The color is a whitish-green. It shows no ribs and has a wide, coarse netting. The flesh is a deep salmon color to the rind, fine-grained and very firm. The seed cavity is extremely small, therefore it is one of the best keepers and an excellent shipping melon, having small white seeds.

PRICE: Pkt. 15c; oz. 30c; $\frac{1}{4}$ lb. \$1.00; $\frac{1}{2}$ lb. \$1.75; 1 to 5 lbs. @ \$3.25 per lb.
5 to 25 lbs. @ \$3.00 per lb.; 25 lbs. or more @ \$2.75 per lb. Prepaid.

"Perfected Perfecto" Cantaloupe

The Perfecto ripens evenly and for a long period; melons run fairly large, up to twelve pack Jumbo flat, very uniform in size; coarse, solid, heavy net, being perfect in appearance. The flesh is a very dark salmon color, fine-grained and of an excellent flavor; the seed cavity averages much smaller than any other Rocky Ford variety, the rich colored flesh extending to the rind. The veins make an extra strong, vigorous growth, and are highly disease resistant; due to this fact hills should be spaced farther apart than other cantaloupe varieties. For a later maturing melon, we urge you to plant the Perfected Perfecto.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Pennsweet Cantaloupe

This melon is an all American selection introduced by the Pennsylvania State University. Our planting stock for the seed we offer was obtained from the Department of Horticulture at this University, State College, Pa. Therefore is from the originators stock. This uniform, true breeding variety seems well adapted to home garden and local markets. However is not a commercial shipping type selection. Vines are vigorous producing a large quantity of melons, slightly oblong, very thick flesh, practically no seed cavity, salmon to orange in color, skin is a greenish yellow when ripe. Earliness, small fruit size, flesh thickness and being very sweet are its outstanding characteristics.

PRICE: Pkt. 25c; oz. 75c; $\frac{1}{4}$ lb. \$1.50; $\frac{1}{2}$ lb. \$2.75; 1 to 5 lbs. @ \$5.00 per lb.
5 to 25 lbs. @ \$4.60 per lb.; 25 lbs. or more @ \$4.25 per lb. Prepaid.

Hearts of Gold Cantaloupe

The melons run from oval to oblong in shape; very uniform in size, averaging a little larger than the Rocky Ford varieties. While it is a ribbed melon, the ribs are not prominent and are very heavily netted. The seed cavity is small. The melon does not turn yellow when ripe but it retains its natural color and remains solid and firm for days after it is picked from the vine. The flesh is a rich orange color, fine-grained and of excellent flavor.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Queen of Colorado

One of the best all around varieties of Muskmelon yet introduced. It is very productive, bearing fruit with a very thick, firm, dark pink flesh. Melons have a very coarse, loosely laced netting and are slightly ribbed. Is similar in appearance both inside and out to the Honey Rock, but much improved as to uniformity. Holds up well for several days allowing plenty of time for marketing. Will mature in 85 to 90 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

QUEEN OF COLORADO

Schoon's Hard-Shell or New Yorker

An exceptionally fine flavored muskmelon of the Bender type, maturing in 90 days. Especially valuable for its extra hard shell as it will stand up better than most muskmelons for shipping. Of a large size, weighing 6 to 7 lbs., deeply ribbed, it is greyish yellow, rope-like netting. When mature the rind is a beautiful golden-yellow. The flesh is medium grained, thick, a rich red-salmon color and of excellent flavor.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Golden Rind Honey Moon

This melon is very attractive. The rind is a rich golden color even on the under side. The melon does not spot or sunburn like the Honey Dew. It is very prolific and runs very uniform in size. Averages smaller than the Honey Dew and is about two weeks earlier. The flesh is a bright emerald-green to the rind. It does not have the excessive sweet flavor of the Honey Dew but a distinct flavor which is praised by all. The vines make a splendid shipper and keeper.

This melon should not be picked until it will slip easily off the vine for when they are dead ripe the flavor is at its best.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Green Meat Honey Dew

The Honey Dew, although classed as a fall and winter melon, has become popular all during the shipping season of cantaloupes. Although there have been many different selections made in trying to introduce a melon superior, very few have proven desirable for any length of time. The Honey Dew requires a longer growing season than the cantaloupe and in the fall of the year if stored away from freezing temperature can be kept for quite a long period, in many cases until Christmas.

The average size is about 6 inches in diameter and 7 to 8 inches long; with a creamy white, smooth skin and turning at maturity to a light golden color; green flesh, fine grained and extra sweet to the extreme rind. The quality of our Honey Dew was extra fine the past season.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Iroquois Cantaloupe

A Delicious or Early Bender type with resistance to Fusarium Wilt. Is becoming a very popular melon. Shape round to oval, with prominent ribs and coarse netting; fairly large in size, firm rind that stands handling and shipping; flesh is deep orange color of fine texture. Is unexcelled for home use, roadside stands or markets.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Granite State Cantaloupe

Developed for areas having short growing seasons. Has a pointed stem end, is very uniform with triangular seed cavity, having salmon flesh of excellent flavor with unusually high sugar content, vines very prolific. Growers wanting early maturing melons should try the Granite State.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Early Kansas Watermelon

For local markets, also truck hauling; being a large oval, almost round, with block ends; the rind is a dark green color with alternate stripes of a lighter shade. The flesh is a rich red color nearly to the rind and has a wonderful flavor. The seed we offer was grown in this district the past season and saved from melons that averaged thirty-five to forty pounds. The average maturity is from 80 to 90 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. \$1.00; 1 to 5 lbs. @ \$1.75 per lb.
5 to 25 lbs. @ \$1.60 per lb.; 25 lbs. or more @ \$1.50 per lb. Prepaid.

Early Arizona Watermelon

A very promising new medium size watermelon, similar in shape to the Black Diamond but at maturity will only weigh from 12 to 14 lbs. Could be classed as a Yellow Belly as 98 per cent of the melons have a rich golden color on the underneath side. The rind is smooth, shiny black green in color having a very attractive appearance. Sparkling red flesh of delicious flavor and fine texture; greyish black seed, tough rind. Matures in 75 to 80 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

New Wonder Watermelon

(AN IMPROVED KLECKLEY SWEET)

The melons grow 18 to 24 inches in length, 10 to 12 inches through, averaging about 35 pounds in weight, oblong in form, with very dark-green skin, flesh deep scarlet red, with solid heart, stringless with few seeds set near the rind.

It grows larger than the "Kleckley" and has produced melons weighing 60 pounds. Shape is similar to the Watson. The skin is a dark glossy-green.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. \$1.00; 1 to 5 lbs. @ \$1.75 per lb.
5 to 25 lbs. @ \$1.60 per lb.; 25 lbs. or more @ \$1.50 per lb. Prepaid.

All Seed We Offer Is Our Own Colorado Grown

Golden Beauty Casaba

This melon grows from 6 to 8 inches in diameter, is nearly round, slightly pointed at the stem end. The wrinkled skin is a beautiful golden-yellow when ripe and the rind is very hard. The flesh is pure white and very thick. Golden Beauty is the best flavored Casaba and the most popular market variety.

The seed we offer is our own Colorado-grown.

Do not pick for shipping until they lose their green, shiny appearance. They are not in best condition for eating until the rind will give under pressure.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

Kleckley Sweet No. 6 Watermelon

This improved wilt resistant strain was developed by the College of Agriculture at Ames, Iowa, and is very outstanding. It is a medium sized melon having a dark green tough rind, bright red flesh and large white seeds. Vines are vigorous and prolific.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 65c; $\frac{1}{2}$ lb. \$1.00; 1 to 5 lbs. @ \$1.75 per lb.
5 to 25 lbs. @ \$1.60 per lb.; 25 lbs. or more @ \$1.50 per lb. Prepaid.

Winter Queen Watermelon

(ALSO CALLED KING AND QUEEN)

BLACK-SEEDED—This variety has generally been known as a Winter Melon. Wherever introduced have sold at good prices, far outselling ordinary melons. The melon is round; color a very light green, faintly striped with a darker green. When fully ripe, closely resembles the Honey Dew in color except for the light stripe. It has a thin, tough rind. The flesh is a bright pink, solid and stringless, with a few small, black shiny seeds set firmly near the rind. The flavor is delicious.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. \$1.00; 1 to 5 lbs. @ \$1.75 per lb.
5 to 25 lbs. @ \$1.60 per lb.; 25 lbs. or more @ \$1.50 per lb. Prepaid.

Cut-Red Tom Watson Watermelon

A favorite old standby in districts demanding a large size, wonderful shipping melon; the rind is thin but very tough; has a dark green color, prominent veins as it ripens to a lighter shade. The flesh is fine grained, of a deep red color and very juicy and sweet; melons are oblong in shape with rounded ends. The seed we offer this season was saved from select melons weighing from 25 to 50 pounds each.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 70c; $\frac{1}{2}$ lb. \$1.25; 1 to 5 lbs. @ \$1.90 per lb.
5 to 25 lbs. @ \$1.75 per lb.; 25 lbs. or more @ \$1.65 per lb. Prepaid.

COLORADO CERTIFIED BLUE TAG WATERMELON SEED

The state requirements for seed approved for Colorado Certification are: seed planted must be foundation stock or Certified; each variety isolated to prevent any possible chance of contamination by other varieties; fields must pass two inspections during the growing season at which time inspectors check for any vine disease or off-type melons. A third inspection is made at maturity to determine cutting quality, texture, flavor and sugar content.

Charleston Gray Watermelon

(Anthracnose and Fusarium Wilt Resistant)

COLORADO CERTIFIED BLUE TAG

This new melon introduced by Dr. C. F. Andrus, Horticulturist for the Southeastern Vegetable Breeding Laboratory, Charleston, South Carolina. Small amounts of this seed were issued to the seed growers for trial as No. 51-27. In September 1954, the reproduction was released by the College for resale to growers under the name of Charleston Gray. It is highly resistant to anthracnose, to fusarium wilt and to sunburn. Is oblong in shape, light green in color commonly referred to as gray; average weight 25 to 35 pounds. Is relatively free from hollow heart, white heart and gourd neck. Rind is thin but very tough, flesh being dark red, very sweet and of superior eating quality.

PRICE: ½ lb. \$2.50; 1 lb. to 5 lbs. @ \$4.50; 5 lbs. to 10 lbs. @ \$4.25 per lb.
10 lbs. or more @ \$4.00 per lb. Prepaid.

Black Diamond Watermelon

(YELLOW BELLY)

COLORADO CERTIFIED BLUE TAG

Our selection has a tendency to be slightly oblong rather than bell-shaped which makes it an easier melon to load. Has thin, tough, smooth rind, glossy black-green color with blood red flesh, tender and very sweet. Seeds are greyish-black. Matures in 90 days.

PRICE: ½ lb. \$1.75 per lb.; 1 lb. to 5 lbs. @ \$2.75 per lb.; 5 to 10 lbs. @ \$2.50 per lb.
10 lbs. or more @ \$2.35 per lb. Prepaid.

Dixie Queen Watermelon

(WILT RESISTANT)

COLORADO CERTIFIED BLUE TAG

This improved strain is slightly oblong; average weight being from 35 to 40 pounds, but in many cases will grow to as large as 60 pounds. Flesh is a very bright red and seeds are extremely small and are white. Rind is a light green with a darker mottled stripe, presenting a very beautiful appearance. Melon is mostly heart and it ripens clear through with no hard centers. The quality is excellent in every respect. It has a medium thin rind and is tough enough to ship far distances. It is a medium early melon maturing in about 80 to 85 days.

PRICE: ½ lb. \$1.75 per lb.; 1 lb. to 5 lbs. @ \$2.75 per lb.; 5 to 10 lbs. @ \$2.50 per lb. 10 lbs. or more @ \$2.35 per lb. Prepaid.

DIXIE QUEEN WATERMELON

New Hampshire Midget

COLORADO CERTIFIED BLUE TAG

The New Hampshire Midget is sweet, with a bright red flesh extending clear to the outer rind. Seeds are dark brown or black in color. The outer shell is very highly striped and color is a light green, a little on the grey side. Excellent for individual servings. This melon is new but where it has been tried out by market gardeners has proven an extremely successful money-maker. The melons are approximately 5 inches in diameter and 6 inches long and ripen from 60 to 65 days after planting, depending on the season. Is comparable in size to an average Jumbo Cantaloupe.

PRICE: ½ lb. \$1.75 per lb.; 1 lb. to 5 lbs. @ \$2.75 per lb.; 5 to 10 lbs. @ \$2.50 per lb. 10 lbs. or more @ \$2.35 per lb. Prepaid.

Klondike Striped Blue Ribbon

(WILT RESISTANT)

COLORADO CERTIFIED BLUE TAG

One of the best small melons yet introduced considering both eating and shipping qualities. The flesh is a deep red, sweet, stringless, and melting. The rind is light green, conspicuously striped with a darker green. Rind is thin, hard and tough, making it very desirable for shipping. The firm flesh will keep for many days. It is not a large melon, the average weight being about 25 pounds.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Blacklee Watermelon

(WILT RESISTANT)

COLORADO CERTIFIED BLUE TAG

This melon was introduced by the Florida Experimental Station and developed to withstand long distance shipping. Oblong in shape, rich dark green, solid color, thin but tough rind, brilliant red flesh with high sugar content, wonderful flavor. Seeds medium size and black. Melons average 30 to 35 pounds in weight. Excellent shipper or for long distance hauling. Matures in 95 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Ice Box Baby Klondike

(Resistant to Fusarium Wilt)

COLORADO CERTIFIED BLUE TAG

A release of the University of California and is a new small, round ice box type watermelon, a result of crossing Klondike R-7 and Baby Delight. Color of rind is green and the flesh is red and of excellent quality. Shape is almost a perfect globe, average weight 8 to 10 pounds, having tannish color seed. Being resistant to the Fusarium Wilt is quite an advantage to sections being troubled with this disease.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

ALL SEED WE OFFER

IS OUR OWN COLORADO GROWN

Garrison Watermelon

COLORADO CERTIFIED BLUE TAG

A fine shipping melon suitable for either local use or long distance hauling. It is large, long and cylindrical with blunt ends. Its light green rind is attractively striped with darker green and is thin but strong; flesh is bright red with nice texture. An excellent melon for roadside markets. Has heavy foliage and is considered by some of the large watermelon growers to be less susceptible to Anthracnose and practically immune to sun-burn. Very uniform and a vigorous producer. White, medium size seeds. Weight 30 to 35 lbs. Matures in 85 days .

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

GARRISON WATERMELON (Also Called COKER)

Klondike Black Seed No. 3

COLORADO CERTIFIED BLUE TAG

A wonderful market melon. Oblong in shape, medium size, average weight 20 to 25 pounds, dark green color, very thin rind, the flesh is bright red, deliciously sweet and contains but few small black seeds. On account of the seed being small, one pound will plant almost as much as two pounds of the ordinary variety. Matures in 85 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Congo Watermelon

(Anthracnose Resistant)

COLORADO CERTIFIED BLUE TAG

The Congo has proven to be very satisfactory in nearly all areas, especially so in the Eastern and Southern sections. It has an extremely strong, thick rind, which is an advantage to long distance shipping or truck hauling. Is bred for a high degree of resistance to Anthracnose. Medium dark green color with darker green stripe; has bright red flesh, excellent flavor, high in sugar content. Seeds medium size, greyish-white color. Average weight 35 to 40 pounds. Its quality along with the resistance is very valuable to all commercial growers. Matures in 90 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Klondike Peacock Watermelon

COLORADO CERTIFIED BLUE TAG

Appearance of the Peacock in many respects is similar to Black Seeded Klondike but with a much tougher rind which minimizes loss in shipping. Melons oblong, blocky ends, slightly furrowed length-wise; 15 to 17 inches long and 9 inches in diameter; average weight 20 to 25 pounds. Its color is a solid dark green, flesh distinct orange-red, crisp texture with no sign of stringiness. Seeds very small, nearly black. Matures in 80 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Wilson Sweet Watermelon

COLORADO CERTIFIED BLUE TAG

This is a comparatively new melon and extremely popular with the trade wherever grown. Shape slightly longer than it is around. Its color is a dark green with very irregular grey spots or a sort of marbled effect, mixed with the dark green color gives it a most odd and beautiful appearance. Flesh is deep red, very sweet and has a wonderful flavor. Medium white seed. Attains a weight averaging about 25 lbs. Maturity 85 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

All Seed We Offer Is Our Own Colorado Grown

Fairfax Watermelon

(Wilt, Anthrachnose Resistant)

COLORADO CERTIFIED BLUE TAG

Fairfax was released in 1952 by Dr. C. F. Andrus, Horticulturist, Southeastern Vegetable Breeding Laboratory, Charleston, South Carolina. In addition to being wilt resistant, is resistant to Anthrachnose, a characteristic which alone should give it an advantage over most other varieties except Congo. Earlier to mature than most wilt resistant strains, better size, and due to the tough rind, a good shipper. Is a long striped melon, weighing up to 50 pounds; will average 30 to 35 pounds. It is very important that the Fairfax variety be left on the vine until maximum size and ripeness has been attained which will insure color and flavor equal to that of the very best varieties. Dr. Andrus recommends its use only where there is a need for a wilt resistant melon.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Rhode Island Red Watermelon

COLORADO CERTIFIED BLUE TAG

Developed by Dr. Desmond Dolan of Rhode Island. Fine flavor and early, of excellent quality and appearance. Ripening early enough to make a full crop even in short seasons. The bright red flesh is solid and crisp, sugary sweet, with a real rich watermelon flavor. It has oval fruit of ideal size, 8 to 12 lbs. with attractive dark green stripes and a firm rind; is a highly productive early type.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Tom Watson Watermelon

COLORADO CERTIFIED BLUE TAG

The rind is thin and very tough which assures good hauling and keeping qualities, ripens to a light green with medium green veining. Deep red flesh and a heavy producer. Matures in 90 to 95 days.

PRICE: ½ lb. \$1.75; 1 lb. to 5 lbs. @ \$2.75; 5 lbs. to 10 lbs. @ \$2.50
10 lbs. or more @ \$2.35 per lb. Prepaid.

Great Lakes Lettuce

"ALL AMERICA WINNER"

Especially valuable as a home garden summer lettuce as it stands the heat and sun having an increased resistance to tip burn injury and greater ability to produce solid heads under adverse conditions. Heads are medium to large in size, deep green in color and will mature in 80 to 85 days.

PRICE: Pkt. 15c; oz. 35c; $\frac{1}{4}$ lb. \$1.35; $\frac{1}{2}$ lb. \$2.50; 1 lb. \$4.50; 5 to 10 lbs. @ \$4.00 per lb. Prepaid.

Black Seeded Simpson Lettuce

An early loose leaf type, one of the most attractive variety for early planting. Leaves light green, broad, frilled and crumpled. A large compact plant adaptable everywhere, home or market garden.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 50c; $\frac{1}{2}$ lb. 85c; 1 to 5 lbs. @ \$1.50 per lb.

Detroit Dark Red Beet

Roots globular and very regular, flesh deep blood red throughout, remaining tender even when full grown. Excellent for home and market garden, shipping and canning. One of the best varieties for general use.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 45c; $\frac{1}{2}$ lb. 80c; 1 to 5 lbs. @ \$1.40 per lb.

Bloomsdale Spinach

Very early and hardy, one of the best for market and canning. Plant of upright growth, leaves are thick, glossy, dark green, medium large, heavily savoyed, crumpled, tender and of good quality.

PRICE: Oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{3}{4}$ lb. 50c; 1 to 5 lbs. @ 75c per lb.

Long Red Cayenne Pepper

Plant 2 to 2 $\frac{3}{4}$ feet tall, fruits about 6 inches long with $\frac{1}{2}$ inch diameter, tapering to a point, very hot or pungent. Color deep green changing to bright red. Used extensively for canning, drying and pickling.

PRICE: Pkt. 20c; oz. 65c; $\frac{1}{4}$ lb. \$2.25; $\frac{1}{2}$ lb. \$4.00; 1 to 5 lbs. @ \$7.50 per lb. Prepaid.

Popular Cucumber Varieties

A. & C. Cucumber

A very fine dark green slicing variety, being popular with shippers; retains dark green color for some time after reaching the market. They vary in length but average about 10 inches, straight and symmetrical. Is one of the leading slicing varieties.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 50c; $\frac{1}{2}$ lb. 90c; 1 lb. \$1.65
5 to 10 lbs. @ \$1.50 per lb. Prepaid.

Marketer Cucumber

Rich dark green, carried right down to the tip, heavy yielder of very trim and uniform fruits, which are slightly tapered. An exceptionally fine market variety. Length 8 inches, slicing diameter $2\frac{1}{4}$ inches.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 50c; $\frac{1}{2}$ lb. 90c; 1 lb. \$1.65
5 to 10 lbs. @ \$1.50 per lb. Prepaid.

Santee Cucumber

(DOWNY MILDEW RESISTANT)

This new strain was released by the University of South Carolina. It is a white spined slicing cucumber. They are dark green and fruit holds its color well out on the blossom end and late into the season. Blunt ended, slender, fruits of excellent quality; strong, healthy, prolific vines. Matures in about 60 days.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. 90c; 1 lb. \$1.75
5 to 10 lbs. @ \$1.65 per lb. Prepaid.

Santee 5-2 Cucumber

(DOWNY MILDEW RESISTANT)

Introduced a year later than the regular Santee, also by the University of South Carolina. The types of the two strains are very similar. Is a beautiful dark green, long and slender, making a perfect slicing variety. Matures perhaps 2 or 3 days earlier than the regular.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. 90c; 1 lb. \$1.75
5 to 10 lbs. @ \$1.65 per lb. Prepaid.

Earliest Of All Cucumber

This is an exceptionally early variety having a dark green color, uniform sizes, flesh is white and crisp. Gained its popularity with shippers because of earliness and quality. One of the most popular varieties for home garden and local market.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 45c; $\frac{3}{4}$ lb. 85c; 1 lb. \$1.50
5 to 10 lbs. @ \$1.40 per lb. Prepaid.

National Pickling Cucumber

This is one of the finest pickling varieties. Vines are rather small, fruits straight, symmetrical, full at the ends. Is a black spinal variety and recommended for production of high grade small pickles. A good yielder.

PRICE: Pkt. 10c; oz. 15c; $\frac{1}{4}$ lb. 45c; $\frac{3}{4}$ lb. 85c; 1 lb. \$1.50
5 to 10 lbs. @ \$1.40 per lb. Prepaid.

J U M B O

White Sweet Spanish Onions

This strain was released by Pieters-Wheeler for the 1948 planting and while in the past there has been introductions of a Jumbo White by other concerns, this is the first instance all reproductions were satisfactory and Jumbo size. One grower on an 8-acre field produced from this seed 8,003 50-pound bags which in yield is equal to the Yellow Sweet Spanish, Utah Strain, and were sold on the market at a much higher price. It also is a globe shaped onion with a mild flavor and matures in practically the same length of time as the Yellow Strain.

PRICES: Oz. 60c; ¼ lb. \$2.00; ½ lb. \$3.50; 1 lb. \$6.00; 5 lbs. or more @ \$5.50 per lb.
Prepaid.

Early White Sweet Spanish Onions

This is the original White Onion, globe shaped and mild flavor, somewhat lighter in yield than either the Yellow or Jumbo White but planted at the same time will mature 10 days to 2 weeks earlier than the two above mentioned strains. This factor is an asset for in many cases the early and first maturing crops will hit a high market and pay dividends.

PRICES: Oz. 60c; ¼ lb. \$2.00; ½ lb. \$3.50; 1 lb. \$6.00; 5 lbs. or more @ \$5.50 per lb.
Prepaid.

Yellow Sweet Spanish Onions

Is a very large globe shape, four and five heavy golden brown outside skins and white flesh, being one of the mildest onions known today. Thousands of acres of this variety are grown in the Western States each growing season and shipped from coast to coast. When properly and thoroughly cured, is a good keeper and a splendid shipper. Many growers report a yield of 1000 up to 1400 crates per acre, the average weight per crate being 42 to 44 pounds. An average of 2½ pounds of seed are planted per acre. A trial of this strain of Valencia Onion Seed will be convincing.

PRICES: Oz. 40c; ¼ lb. \$1.50; ½ lb. \$2.75; 1 lb. \$5.00; 5 to 25 lbs. @ \$4.50 per lb.
25 lbs. or more @ \$4.25 per lb. Prepaid.

Colo. No. 6 Yellow Sweet Spanish Onions

This variety developed by Colorado Agriculture Experiment Station and reproduced for us by Pieters-Wheeler Seed Co., which we consider one of the outstanding onion seed growers. It is a very thick skinned type having a dark, almost bronze color which is carried down through four or five of the outer layers. It is globe shape and matures somewhat later than the regular yellow Sweet Spanish, Utah Strain.

PRICES: Oz. 60c; ¼ lb. \$2.00; ½ lb. \$3.50; 1 lb. \$6.00; 5 lbs. or more @ \$5.50 per lb.
Prepaid.

Anaheim Pepper

A hot, later variety; used for home and market garden, and for canning and drying. Fruits tapering, deep green, changing to bright scarlet at maturity, 6 to 8 inches long by 1½ inches at shoulder, tapering to a point.

PRICE: Pkt. 20c; oz. 65c; ¼ lb. \$2.25; ½ lb. \$4.00; 1 to 5 lbs. @ \$7.50 per lb. Prepaid.

California Wonder Pepper

An outstanding variety for market garden and shipping. Plants vigorous, upright and prolific. Mostly four-lobed, 4¾ inches long by 3½ inches in diameter, very attractive, smooth, uniform and deep green changing to bright red. Flesh thicker than other varieties, sweet and mild.

PRICE: Pkt. 20c; oz. 65c; ¼ lb. \$2.25; ½ lb. \$4.00; 1 to 5 lbs. @ \$7.50 per lb. Prepaid.

Colorado Red Hot Pepper

Very hot variety with small pointed fruits of yellowish green becoming dark red when mature; 2 to 2½ inches in length, smooth, thin fleshed; one of the hottest peppers for pickles.

PRICE: Pkt. 20c; oz. 65c; ¼ lb. \$2.25; ½ lb. \$4.00; 1 to 5 lbs. @ \$7.50 per lb. Prepaid.

Early Scarlet Globe Radish

A very popular variety; is outstandingly good, and well adapted to both field culture and greenhouse forcing. Roots globular, very slightly elongated, with medium top; bright scarlet, crisp, tender and of fine quality.

PRICE: Oz. 10c; ¼ lb. 30c; ½ lb. 50c; 1 to 5 lbs. @ 90c per lb. Prepaid.

Sparkler Radish

An excellent white tipped variety with ball-shaped root. The upper part is bright scarlet and the bottom third is clear crisp white. It is early and has a small to medium top.

PRICE: Oz. 10c; ¼ lb. 30c; ½ lb. 50c; 1 to 5 lbs. @ 90c per lb. Prepaid.

White Icicle Radish

A handsome long radish that can be used in its early stages and is still good and crisp when 6 inches long and nearly 1 inch in diameter. It can be forced and with its medium short top it can be bunched. Color glistening pure white, mild flavor. An attractive variety for home or market use.

PRICE: Oz. 10c; ¼ lb. 30c; ½ lb. 50c; 1 to 5 lbs. @ 90c per lb. Prepaid.

J. Moran Tomato

Another new selection recently introduced in California. This tomato is similar in many respects to Improved Pearson but has consistently out-yielded Pearson and the sizable fruits continue right on to season's end. Due to productiveness, growers and shippers are so impressed with its performance that they continue to increase their acreage each year. The vigorous plants have a tendency to cause fruits to center well into the foliage. This added protection means less green shoulders and sun-burn. Thick walls and small cells mean finer fruits almost free from puffing and cracking. An outstanding shipping tomato.

PRICE: Pkt. 25c; 1 oz. 9c; $\frac{1}{4}$ lb. \$3.25 $\frac{1}{2}$ lb. \$6.00; 1 lb. \$11.00. Prepaid.

Improved Pearson Tomato

This variety is very popular in Central and Western States, exceedingly so in California due to the fact a large percentage of the tomatoes in that district are packed in lugs and shipped by rail and trucks to the Eastern markets. Skin being very tough, fruit will stand the abuse of rough treatment in transit. They are medium large, semi-globe, rich red color and due to the plants having foliage for proper fruit protection it is one of the heaviest yielders yet introduced.

PRICE: Pkt. 20c; 1 oz. 65c; $\frac{1}{4}$ lb. \$2.50; $\frac{1}{2}$ lb. \$4.50; 1 lb. \$8.50. Prepaid.

Imperator Carrot

For the large commercial growers, the shippers, and also the market gardeners, Imperator is an outstanding type. Has medium tops, but plenty strong enough for good bunching. Roots are 7 to 8 inches long having sloping shoulders which is on an average of $1\frac{1}{2}$ to 2 inches that are smooth, having a deep, rich, orange color, very uniformly tapered to a semi-blunt end. The orange color extends to the center of root with indistinct core, being fine-grained, tender and of excellent quality and flavor.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 65c; $\frac{1}{2}$ lb. \$1.10; 1 to 5 lbs. @ \$2.00 Prepaid.

Golden Acre Cabbage

THE EARLIEST ROUND HEAD CABBAGE YET INTRODUCED

One of the most popular early varieties. Heads are round, small to medium in size, very solid, all maturing about the same time and of excellent quality. Outstanding for early market and home use. The plants may be spaced from 10 to 12 inches apart in order to produce heavy tonnage.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 75c; $\frac{1}{2}$ lb. \$1.25; 1 lb. \$2.25. Prepaid.

Copenhagen Market Cabbage

MARKET GARDENER'S FAVORITE

The heads are round, very solid and exceptionally large for an early variety, averaging from 5 to 8 pounds in weight. It is short stemmed but makes a vigorous, compact growth, with but a few outer leaves, which are medium light green. The solidity of the head, excellent flavor and extreme earliness all combine to make it one of the most desirable early cabbage.

PRICE: Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 75c; $\frac{1}{2}$ lb. \$1.25; 1 lb. \$2.25. Prepaid.
